

# WE'VE GOT YOUR BACK!

... And every other joint, muscle, ligament, and tendon in your body

## Charles W. Graubert, M.D.

At the Orthopedic Center of Palm Beach County, our mission is to provide state-of-the-art comprehensive care to people of all ages. We are the only comprehensive one-stop-shop in the area for all of your musculoskeletal needs!

One specialty in our comprehensive clinic is Physical Medicine and Rehabilitation, led by Dr. Charles Graubert, a south Florida native.

As a *Physiatrist* – a Physical Medicine and Rehabilitation physician – Dr. Graubert specializes in the rehabilitation of patients with injuries or diseases affecting the musculoskeletal and neurological systems. These range from problems such as simple sprains and strains; arthritic and painful shoulders, hips, and knees; neck and back pain, disk herniations, and nerve root injuries; and in more severe cases, injuries including strokes, traumatic brain injuries, and spinal cord injuries.

As a musculoskeletal pain specialist, Dr. Graubert first focuses on proper diagnosis, followed by proper treatment. He has received specialized training to perform electrodiagnostic studies to aid in the diagnosis of injuries and problems to muscle and nerve, and in acupuncture to assist with pain management.

Dr. Graubert attended college at the University of Pennsylvania, medical school at the University of Miami, and his residency at the University of Texas Southwestern Medical Center/Parkland Memorial Hospital in Dallas, Texas.
